INDUSTRIAL WINNIPEG

The 154 factories now operating in Winnipeg have a pay roll exceeding 13,000 people. Value of factory output (1901) $8,606,248; (1906) $18,983,290; (1909) (estimated) $25,000,000; city has in process of construction a 60,000 h.p. electric plant. The iron industries of Winnipeg melted 15,000 tons of pig and scrap iron in 1909 and consumed locally 20,000 tons of structural steel, of which 15,000 tons was fabricated in Winnipeg. 24 pairs of railway tracks radiate from the city and there is available 120 miles of switch sidings for manufacturers, with 11,472 miles of railway operating throughout Western Canada. No other point can present the same combined advantages for the manufacturer as Winnipeg.

Municipal, Govt. Offices, Population, Assessment, etc. See Pages 119-111-123

COMMERCIAL WINNIPEG

Wholesale turnover $100,000,000 a year. Winnipeg is the home of 1,950 commercial travellers. The greatest grain market in the British Empire. Wholesale trade caters to the largest mercantile territory in Canada. Her most modern retail thoroughfares are daily lined with a prosperous purchasing public. Telephones in use in 1900,—1,318; in 1909—11,584; average tonnage (annual) in freight received for past five years amounts to 1,782,058 tons. An indication of the immense growth in trade and shopping facilities is shown by the fact that in 1900 the Winnipeg Electric Railway carried 2 million people and in 1908, 22 million. There are 185 street cars operating upon 62 miles of city tracks and 44 miles of suburban roads.

Building Permits, Bank Clearings. See Pages 124-125
